United We Dream (UWD) is the largest network of youth-led immigrant activist organizations in the United States. UWD advocates for a roadmap to citizenship for 11 million undocumented Americans; for access to higher education, health care, and fair treatment under the law for all; and for an end to excessive and senseless deportations and abuses. UWD seeks to address the inequities and obstacles faced by immigrant youth and believes that by empowering immigrant youth we can advance justice for all immigrants.
